EXPERIENCE

Front End Developer
03/2024 - 04/2025

FissionFox — NIPA, Karachi

- Designed and developed visually appealing, responsive websites and applications to ensure seamless user experiences across various devices.
- Facilitated comprehensive communication strategies between 5 teams, significantly reducing delays and achieving project milestones consistently.
- Worked on diverse projects, including gaming platforms, matrimonial sites, and automotive vendor portals, delivering tailored solutions to meet unique client requirements.
- Collaborated closely with backend developers to create robust functionalities and logical web applications, leveraging Next.js and Node.js for high-performance, scalable solutions.
- Implemented WebSocket-based real-time features in gaming applications in collaboration with backend teams to deliver dynamic and interactive user experiences.
- Worked effectively as a team player, ensuring strong communication and collaboration with cross-functional teams to meet project goals.
- Managed tasks efficiently, aligning deliverables with client requirements and deadlines, showcasing adaptability to evolving project needs.

Php Wordpress Developer
08/2022 - 06/2023

DigitEMB — Gulshan, Karachi

- Gained management's trust through the successful completion of the website project and demonstrated expertise in WordPress development.
- Developed the Company's main website using WordPress, leveraging the Avada Builder to create a responsive, visually engaging, and user-friendly design.
- Tasked with revamping a legacy admin dashboard built in pure PHP with complex and outdated syntax by a former developer, modernized it by reengineering its structure, improving its functionality, and implementing modern, robust technologies.
- Enhanced the UI of the admin dashboard, transforming it into a sleek and intuitive design that improved usability and aligned with modern design standards.
- Successfully balanced upgrading backend functionality while maintaining compatibility and ensuring optimal performance.

EDUCATION

Diploma in Software Engineering
12/2022 - Present

Aptech Learning — Nazimabad, Karachi
